

A Journey of Digestive Discovery

Phoenix Class Spring Term 2 2021

Open wide - let's look inside! We're on a voyage of discovery to investigate the busy world inside your body.

This half term, we'll find out about different dental procedures and learn new scientific vocabulary. There will be lots of investigating as we learn about our different teeth, how to brush them and how sugary drinks affect them. We'll examine the amount of sugar in different foods and write a story describing the journey a piece of food takes through the digestive system. In science, we'll learn about the organs involved in digestion and make our own wearable digestive systems.

<i>Imaginative Learning Project focus: Science</i>	
<i>English</i>	<i>Fact files; Explanations using idioms; Fantasy narratives</i>
<i>Science</i>	<i>Teeth types; Tooth decay and hygiene; The digestive system; Working scientifically</i>
<i>Computing</i>	<i>Images; Algorithms; Video</i>
<i>D&T</i>	<i>Healthy foods</i>
<i>Music</i>	<i>Composing lyrics</i>
<i>PSHE</i>	<i>Healthy bodies</i>
